

SAPC-4912

Copy 3 of 7

2 April 1956

MEMORANDUM FOR : Project Director

SUBJECT : Number of A-1 and A-2 Cameras for Detachment "A"

Reference (a) SAPC 4230, 13 March 1956, Project Director of Operations to Project Director.

" (b) SAPC 4389, 15 March 1956, Project Director to Project Director of Operations and Project Contracting Officer.

1. Ref. (a) recommended that Detachment "A" deploy with five each rather than three each of camera configurations A-1 and A-2.

2. Reference (b) agreed with recommendation of Reference (a), provided that the recommended number of configurations were available.

3. The Contracting Officer has ascertained from Hycon that three A-1 and three A-2 configurations will be available by 1 May 1956 and two each additional will be available shortly thereafter. Discussions have also been held with Material and [] on this matter.

4. Accordingly, in view of agreement as to the availability of five each of such configurations by 1 May, or shortly thereafter, it is recommended that the Project Director or the Project Director of Operations instruct the Commander of Detachment "A" to request that five each of such configurations be deployed to Base "A". P & E and Hycon personnel are aware of this proposed requirement and a copy of the cable should be directed to these suppliers.
